Whitaker Designs is an affordable interior design company that offers unique room makeovers at reasonable costs.

I specialize in coordinating your existing furnishings and hidden attic/basement treasures found throughout your home, creating a stunning look in one day.

I will shop for extra accessories that you may need and I have a great eye for finding beautiful pieces at unbelievable prices.

By highlighting the positive features of a room and disguising the flaws with little inexpensive tricks-of-the-trade I have the skills to pull it all together for a fabulous look.
